

Basket of supplies

You can stop worrying about looking for a supermarket, filling the trunk of the car with food, struggling with heavy shopping bags, wondering how to store supplies in the heat before boarding, or wasting hours of precious holiday time in grocery stores.

Especially if you're traveling by plane - but also if you're squeezing everything into a car - you'll find it highly convenient to have everything you want waiting for you on board on check-in day.

Basket of supplies
